### Tutoring Experience

With over 7 years of experience in tutoring English across IB, A-Level, and IGCSE curricula, I've had the privilege of working with students from diverse backgrounds and abilities. My approach to tutoring is rooted in understanding each student's unique needs, strengths, and areas for improvement. Whether it's helping a student decode Shakespeare or guiding them through the intricacies of the ELAT, I tailor my lessons to ensure maximum engagement and success. I believe in making literature and language relevant and accessible, encouraging students to draw connections between their studies and the world around them. Having supported students in achieving top grades in their final exams, I take pride in seeing them develop confidence in their abilities. My experience also includes assisting students with university entrance exams, where I focus on refining their essay-writing skills and critical analysis, which are crucial for success at the next academic level. The progress my students make is what drives me, and I am committed to helping each one reach their full potential.
