Tutoring Experience

I have over nine years of tutoring experience, specializing in IB English and German, as well as preparation for the ELAT exam. My journey as a tutor began in Germany, where I taught English to high school students. Since moving to Qatar, I've been focusing on the IB curriculum, guiding students through the intricacies of both English and German literature. My approach is tailored to each student's needs, whether they are striving for academic excellence or simply looking to improve their language skills. Over the years, I've developed a method that balances rigorous academic standards with creative exploration, encouraging students to think critically and express themselves confidently. I also help students prepare for university entrance exams like ELAT, providing them with the tools they need to succeed in competitive environments.
